2019 Product Announcement

To our Dealers,

Our team here at VinyGuard is continuously researching and developing ways to improve our already superior Vinyl Window Systems, and as hard as that is, we feel our 2019 product line-up takes us one step closer to the excellence we strive for. We are proud to announce the introduction of our **New Premium "Interlock" Hardware System for our Casement and Awning Windows** as well as a **New Premium Auto-Lock option for all Slider and Hung Windows**.

"Interlock USA" is an "ASSA ABLOY" company based in Reno, Nevada, that specializes in working closely with window and door manufacturers to create innovative hardware designs that differentiate their products from the competition. We have worked closely with Interlock for the past year and today we launch this unique premium hardware system **standard** on all of our Casement & Awning Windows. This new system adds safety and security, durability, integrity, performance, and aesthetics above all competitors' offerings.

- **"Nova"** White Lock and Handle Sets including Folding Nesting Handles are now **standard at no charge** on all Casement and Awning Windows (Available in White)
- **"SlimLine"** Lock and Handle Sets including Folding Nesting Handles optional for Casement and Awning Windows - **Exclusive Modern Slim Design** (Available in White, Black, or Nickel)
- **"AutoLock"** option for Slider and Hung Windows (Available in White or Black with matching Tilt Latches)

Furthermore to our 2019 line-up we are introducing **Interior Vinyl Stain Finishes for our Vinyl Windows and Patio Door Systems**. Interior staining includes Frames, Sash, Screens, Grills, Glass Stops, Jamb Returns, Vinyl Jambs, and Vinyl Casing Trim. Please contact your Sales Representative or VinyGuard Customer Service for further details on stain samples and pricing.

This launch will run parallel with our updated **Quoting Software Program**, featuring new options such as painted or stained interior finishes for our Windows and Patio Door Systems, as well as our new "Lifetime Warranty" Casement & Awning Hardware. In addition, as we evolve in this Modern Generation, we are gearing up for a 2020 launch of a new Modern Series Window Line and as result we have discontinued our Bevelled Series Casements and Awnings. Stay tuned as we will be launching an updated **Literature Package**, updated **VinyGuard Website** and a new tips and tricks **"YouTube" Channel**.

Through VinyGuard's continued growth, commitment to customer service and high quality products we strive to become the benchmark for all Window and Door Manufacturers and the choice of consumers and dealers alike. VinyGuard appreciates your co-operation and continued support and is dedicated to maintaining the highest level of product quality and services that our customers have come to expect over the past 28 years. Your territory sales representative will be in contact in the near future to introduce all new products and literature packages. Thank you for your continued support and dedication.

Yours Truly,

The VinyGuard Family
